Michaels celebrate it place card templates. Celebrate it place card templates 6 per sheet.

It will work best if you print these cards out on card stock so they have the strength to stand up when you fold them. This task can also be achieved by folding and pressing with your hands if you don't have a bone folder available. WHAT YOU'LL NEED: STEP 1: DOWNLOAD & PRINT PLACE CARD TEMPLATES Download the template and open in Microsoft Word. Light card stock will work best so that the text is easily read. Simply fold them tent-style and you're ready to go. Black swirls decorate the rest of the card making it very formal looking. These wedding place card templates are extremely easy to use. Each place card can be customized with a guest's name and table number before printing. Wedding Chicks has some adorable place cards that resemble chalkboards, a hot design trend. Include a photo of the bride and groom behind the place card and have it double as your favors. You can change the whole look of the place card easily by using colored card stock or a different wedding font. Here are some other place cards from Charming Ink that aren't explicitly designed for a wedding, but with a few tweaks, they would work perfectly. If you're concerned about things looking too "matchy," don't fret: these place cards come in slightly different designs so you can have a seamless style without getting bored. Keep the conversation rolling by having talkative guests at a table with more reserved guests. These tent cards are 3.5 by 2 inches once they are printed and cut out. STEP 4: USE THE PLACE CARDS AT YOUR WEDDING! The place cards can be stood up and used as they are, or embellished to coordinate with your wedding theme. Hands in the Attic has designed these free templates that are in elegant black and white. STEP 3: SCORE AND FOLD YOUR PLACE CARDS For the sharpest creases, use a bone folder to press and fold the place card in half. This is an easy way for you to plan out your reception seating and they allow guests to find their Ekam Anna!
